A photograph of a workshop or garage. On the left, a large arched window with multiple panes allows bright light into the room. A red fire extinguisher is mounted on the wall to the left of the window. In the foreground, a green and yellow barrel sits on a wooden block. Behind it, a generator or engine is visible. To the right, a white electrical control panel is mounted on the wall. The floor is made of hexagonal tiles. The background shows more equipment, including a green machine and a blue container.
